Roblox: There has recently been a significant amount of e-safety concerns regarding Roblox. We are aware that a number of children use Roblox at home and it is important that you are aware what Roblox is and possible concerns. Roblox is a gaming platform where multiple players interact and play together online. The site has a collection of games aimed at 8-18 year olds, however players of all ages can use the site. Roblox is currently available on PC, phone, tablet and Xbox One. For further advice please check out the UK Safer Internet Centre: <https://www.saferinternet.org.uk/blog/roblox-guide-parents>
